

## Release Notes 2.74 - Wednesday, September 22th, 2021

Howdy EasyClockers! Here are the notes for release 2.74. In this release, we made enhancements in the integration for QuickBooks online, we also fixed a couple of bugs. Kindly view the notes below and send us an email with your feedback to [products@easyclocking.com](mailto:products@easyclocking.com). Stay tuned for upcoming updates.

### Enhancements/Add-ons:

1. **“QuickBooks Online Integration” - Increased the number of employees allowed to be processed when sending pay data:** The previous version of the QBO integration was failing to send all the pay data of the employees being processed at the moment of doing the export to QuickBooks.

### Fixed Errors/Bugs:

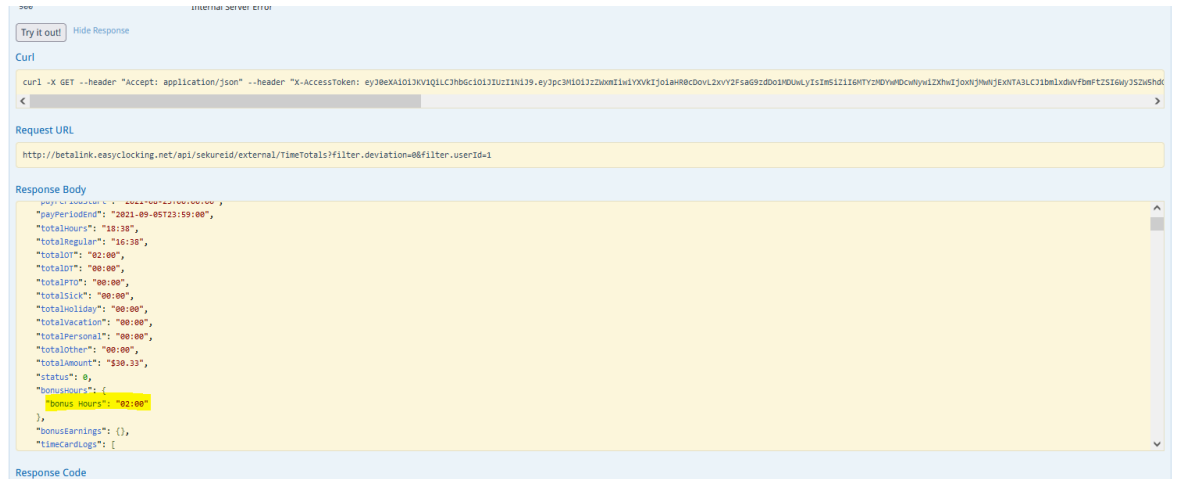

1. **“API” - When using the “TimeTotals” endpoint "GET" method, the API Call fails if there's a bonus hour on the employee timecard:** This issue is now corrected, when doing the call the results will show the bonus hours or bonus amounts the employee has on the timecards.

Total Hours: 18:38	Regular: 16:38	OT: 02:00	Lunch/Break Taken: 02:14	Lunch/Break Paid: 00:12	OOS: 00:42
Vacation:	Holiday:	Sick:	Other:	Total Amount: \$30.33	

2. **“API” - When creating an absence using the API “Absence” endpoint, the event is not recorded in the PTO history bucket:** This issue has been resolved and now this event is being captured correctly.

3. **“Reports” - When running the “Manual Punches” report and the employee has a missing punch, an operation error occurs:** This issue has been resolved and now this

report is running correctly.

The screenshot displays the EasyClocking web application interface. At the top, a dark blue header bar contains the EasyClocking logo on the left and the text "Hello, Renato | Support | Options" on the right. Below the header is a navigation bar with tabs for Dashboard, Timesheets, Access Control, Users, Reports (highlighted), Export, Devices, Job Tracking, Messages, and Settings. Under the Reports tab, there are sub-tabs: General, Time Card, Construction Timecard, Jobs, Time Sheets, Schedule, Miscellaneous (selected), Paid Time Off, Access Control, and Time Clocks. A "Report Settings" link is visible in the top right of the report area.

The main content area is divided into two panels. The left panel contains filters for the report:

- Report Type:** A dropdown menu set to "Manual Punches" with a "View" button.
- Start Period:** A date selector set to "8/23/2021".
- End Period:** A date selector set to "9/5/2021".
- Department:** A dropdown menu with a "Filter by" button.
- ID # and Name:** A search section with a text input containing "Jim", a "Selected: 1" indicator, and a list of results showing "989804 Jimena Donaldson" highlighted.

The right panel displays the report results. At the top, it shows a search bar, navigation icons, and a "1 of 1" page indicator. Below this is a header for the report titled "Manual Punches" with a company logo and the text "Company: EasyClocking". The report data is presented in a table with the following columns: ID, Employee, Punch, Modified By, Modified, Note, and Location.

ID	Employee	Punch	Modified By	Modified	Note	Location
989804	Jimena Donaldson	08/25/2021 08:45 PM	Support Team	09/02/2021 21:09 PM		1
989804	Jimena Donaldson	08/30/2021 09:11 PM	Support Team	08/31/2021 10:08 AM	Forgot to clock out (renato)	1
